

JANUARY 2010

Life Care Partners, LLC is pleased to announce its investment in Family Home Health Services, Inc.

Life Care Partners, LLC, a platform created by Valor Equity Partners to invest in businesses within the services sector of the home healthcare industry, has completed a recapitalization of **Family Home Health Services, Inc.** (“FHHS”). FHHS is a provider of home health services with 15 locations in the states of Florida, Michigan, and Ohio.

FHHS offers home care disciplines reimbursable under Medicare including skilled nursing, physical therapy, occupational therapy, speech therapy, medical social work, and home health aides. In addition to operating a network of home health agencies, FHHS has built a platform leveraging its business processes and information systems to provide management and support services to third party home healthcare agencies.

Life Care Partners’ investment in FHHS is part of Valor Equity Partners’ \$40 million commitment to the home health platform and represents the second investment in the past 12 months for the company.
